ATTENDANCE POLICY AND PROCEDURES

INTRODUCTION
Our aim is to ensure all students have access to a full and rewarding education. Regular attendance at school provides students with the opportunity to gain maximum benefit from their schooling. Monitoring of school attendance enables identification of students at risk and the implementation of appropriate intervention strategies. We believe that the early detection and assessment of the causes for school non-attendance along with the provision of organisational structures, which are responsive to the needs of individual students, are most important.

All members of our school community are expected to meet the requirements of Robe Primary School’s Attendance Policy and work to the best of their ability to reinforce the importance of regular attendance and its contribution to learning. Student attendance is everyone’s business.

GENERAL
A child who is six years old but not yet sixteen is of compulsory school age (D.E.C.S policy from 01/01/03), irrespective of distance of their residence from the school; is required to be enrolled at a registered Government or Non Government school and must attend the school on every day instruction is provided at the school, unless the Minister or when appropriate the Principal of the school has granted an exemption from school attendance.

Children under six years of age and not under compulsion, but are required to attend school when the entire school day is open for instruction once enrolled. The Principal may exempt Robe Primary School’s Reception students, on Wednesday’s for the first ten weeks of their schooling and this time may be extended until they turn six years of age. The primary responsibility for meeting this legal requirement rests with the parent or guardian.

The responsibility for enforcing school attendance is with the Department of Education and Children’s Services (DECS). The department therefore has a legal responsibility to record and monitor attendance and take appropriate action to rectify problems of non/poor attendance.

Teachers are responsible for children during school hours and need to know their whereabouts at all times. Parents are required to notify the class teacher in writing or personally, before taking their child from school for such things as dental, sporting or doctors appointments.
