

# Robe Primary School Wet Weather Policy

Respect – Courage – Integrity

On days of wet weather the teacher on yard duty will decide if the weather is too wet for children to play outside.

If the teacher decides that the weather is not suitable for play outside he/she will ring the bell three times to let children know that they are to find shelter (not in classrooms). The yard duty teacher will continue supervision and decide when students are able to continue outside play.

- The Hall or Computer Room will not be used in wet weather.
- Students are allowed to enter their own classrooms when teacher is present.
