Addressing concerns

In keeping with our school Vision Statement we believe that good relationships within Robe Primary School give students a greater chance of success. When any member of the school community feels that an action or inaction by another member has had a negative impact on him/her, it is important that this perception is respected, and that the grievance is put and responded to in a way which not only addresses the immediate concern but also supports the development and maintenance of good relationships.

In the event of a grievance, the following guidelines may be used. For further detail refer to DECS documents “Complaint Resolution for Employees 2007”.

As outlined by DECS, the complaint resolution process should:

- be inclusive
- focus on relationships
- clarify responsibilities and expectations of the process
- be seen as an opportunity for each party to learn

Emphasis is placed on:

- people taking responsibility for their actions
- clarifying reasons for, and expectations about, the complaint
- using resolution approaches that are most likely to support effective working relationships
- resolving issues promptly at the local level where possible
- systemic improvement

All parties need to:

- arrange suitable meeting times to discuss a concern
- allow a reasonable time frame for an issue to be addressed
- follow the procedure as outlined without unreasonably ‘skipping’ steps

Any party may request that an agreed third person be in attendance at meetings. Insulting, threatening or offensive behaviour will result in the immediate discontinuation of meetings or phone calls. Insulting, threatening or offensive written communication will not be responded to and will be filed. The Principal or District Office will then negotiate a way forward, with advice from DECS legal advisors if necessary. Staff will abide by OHSW guidelines to stay safe in all situations relating to grievances.
